Mike and Brian: This is a request for CO action to approve Work Plan and Cost Estimate, Revision No. 01 dated 11 April 2016 for \$204,688 which is based on EPA's SOW, Revision No. 01 to the Statement of Work. This is a no cost work plan revision, sample collection for surface water (dioxins/furans) were no longer required, however, biota samples for fish tissue are now required for the RI/FS OS at San Jacinto. Please feel free to contact me if you require additional information or have any questions regarding this request for CO action. Thank you for your assistance in this matter. Rena
